Date_____

General Questions: Cats, Bunnies, Ferrets, Feathered Friends, etc.

Do your animals have any known phobias, fears, or known triggers?
Has this animal ever bitten or snapped?

Does your pal like new people? Can you give any advice about approaching them?

For cats, is your feline allowed outside when you are home? We do NOT allow cats outside unless you specifically direct us to do so. Should we let your cat go outside if asked? Yes / No

For All Animals

Please tell us any specific words or phrases that you use consistently to get a response from or engage with your pal.

Food, Water & Treats

What kind of food? How much are they given? What times of day?

Do you take water away in the evening?

Do your pals need to be given any supplements? If so, name them and describe how they are given.

Date_____

Health, Well-being & Medical Needs

Are there any health concerns or recurring health issues?

Is any medication required? If yes, please name the animal, the medication, where it is stored, what the dose is, how often, and how it's given to your pet.

Is there a trick to giving your pet medicine?
